

# *The Mark of a Professional:* The American Society of Agricultural Consultants

## ABOUT ASAC: A LEGACY OF EXCELLENCE

Since 1963, the American Society of Agricultural Consultants (ASAC) has been the premier non-profit organization dedicated to advancing the integrity and professionalism of agricultural consulting. As the only society representing the complete spectrum of agricultural consulting disciplines, we are committed to fostering leadership and upholding the highest ethical standards. Our members are bound by a comprehensive Professional Code of Ethics, ensuring clients receive advice they can trust.

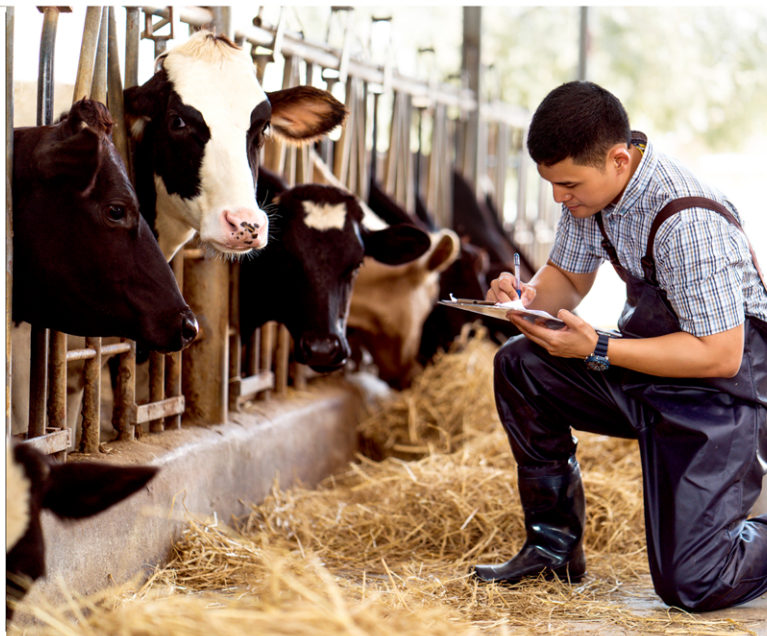

## WHY JOIN ASAC? CONNECT, GROW, AND LEAD.

Membership in ASAC connects you with a diverse and influential network of experienced professionals in agriculture and agribusiness. Our members are leaders in their fields, with expertise spanning business administration, financial management, agricultural production, public policy, and more. By joining ASAC, you gain more than a title—you gain a community. Members collaborate, share knowledge, and support one another to enhance the value they provide to clients and elevate the profession as a whole.

## THE CERTIFIED AGRICULTURAL CONSULTANT (CAC) DESIGNATION

Achieve the highest mark of distinction in the profession with the Certified Agricultural Consultant (CAC) certification. This elite credential signifies a commitment to excellence and assures clients of the highest standards of service, integrity, and quality. Maintaining the CAC designation requires 60 hours of continuing education every two years, including a course in ethics, keeping you at the peak of your profession.

## Benefits of Membership:

### UNRIVALED NETWORKING

1

Build valuable peer groups, mentor the next generation of consultants, and collaborate with experts across a wide range of specialties.

### PROFESSIONAL DEVELOPMENT

2

Stay at the forefront of the industry with our annual conferences, monthly webinars featuring respected professionals, and virtual "Shop Talk" peer discussions.

### EXCLUSIVE INSIGHTS

3

Receive "Notes from the Field," our bi-monthly publication on the latest trends in agriculture, agribusiness, and consulting practice management.
